The new lead

Leadax, a major success worldwide, is now available in Australia, exclusively from Aquarius Distribution. Leadax has been adopted as the true replacement to lead. With its superior features, Leadax is non-toxic, easier to install, quicker to install, & 75% lighter than lead. And the best thing is, Leadax is installed in the exact same way as lead. Leadax is suitable for both tiled and metal roofs.

For more information visit www.leadax.com.au

Non-toxic

Non-toxic

Unlike traditional water-resistant materials, Leadax does not contain any heavy metals.

Recycled

Recycled materials

The basic raw material is recycled PVB. PVB is the foil that is used in laminated glass (e.g. car windows or safety glass).

Lightweight

Light weight

Leadax is much lighter than lead and therefore easier to use.

Cheaper

Cheaper

Leadax is faster to install, resulting in lower installation costs.
